

English

Spelling Errors

What do I do?

Read the passage. On each line there **could** be a spelling mistake. Mark the letter which matches the part of the sentence containing the mistake. If there is no mistake, circle 'N'.

Top Tips!

- Read the whole passage first to get a feel of the text. You might find yourself guessing words as you go. When tackling each question, you may need to read past the line to continue to the next full stop.
- Look at the word bank and fill in the ones you're certain of first. If you're undecided between two, make a note of both.

What skills do I need to improve?

Doing lots of practice questions will help with becoming familiar with question types but what else can you do to improve in this area?

- Revise common letter strings and word patterns. You could try words with the following letter strings: 'tion', 'cian', 'our', 'ure', 'ous' or 'igh'.
- Study words with common prefixes and suffixes.
- See how many words you can find with silent letters or double consonants.
- Find as many homophones as you can (words that sound the same but have a different meaning/spelling).
