## Find the Missing Word

### What do I do?

Find a three-letter word that completes the word in bold and finishes the sentence in the most logical way.

### Top Tips!

- Look for common letter strings such as 'ing', 'sion' and 'tion'
- Make sure you read the sentence first, rather than just guessing the word - it's easier to find the word when you can see it in context!
- Remember - the three-letter word has to be inserted into the word as a whole word, you cannot split the letters up.

### What skills do I need to improve?

Doing lots of practice questions will help with becoming familiar with question types but what else can you do to improve in this area?

- Any word games such as Scrabble, Boggle or Banagrams will help with these types of questions.
- You could try to create your own questions by taking a sentence from a book and finding a word that has a three-letter word in it to use in your question.
- When you're reading, see if you can find words with other words hidden within them.
